

Digital Leadership Roundtable & Showcase

THE CONCEPT

Dates: September 30, 2025

Venue: National ICT Innovation Hub, Nakawa, Kampala

Format: Hybrid (On-site & Live Broadcast). The program is divided into morning Keynote Sessions and afternoon Professional Tracks all blended with Trainings & Exhibitions.

Executive Summary

According to Uganda's Digital Agenda Strategy 2020/25 achievements and opportunities of the Ministry of Education and Sports, Uganda has made progress to have affordable, accessible, resilient and secure digital infrastructure and connectivity across the country as a foundation to achieve the potential of ICTS in Education. It is upon this background that e-learner Uganda is organising digital leadership roundtable & showcase to ignite the potential we all have in moving this agenda forward.

Executive Summary

The **DIGITAL LEADERSHIP ROUNDTABLE & SHOWCASE** is a Pre-Activity to the Annual **UNESCO Teachers' Day Celebrations Event 2025** that will take place on October 5, 2025 that will be graced by His Excellency the President of the Republic of Uganda.

The event provides a platform for over 10,000 representatives of academic institutions and 500+ Policy Makers, EDUTECH Solutions providers, content developers, Telecom & Internet leaders, Edu-tech Manufacturers, Financial Solutions & PayTech Providers, Technology Associations, ICT Clubs, Academic Institutions, Developers, Development partners, and Representatives of Students to Showcase latest technologies, interact, discuss, and demonstrate on future digital trends in Education and Connectivity.

The event enables solution providers to provide training on their new innovations and technologies. We will also present leaders in SMART Technologies and STEM. This transformative initiative gives avenues for academic institutions (Universities, Secondary Schools & Colleges) to make deals with solution providers and acquire products and solutions used in Education at very reduced prices, as well as find trending products and solutions they need to provide high-end education. Come Meet all the new devices, accessories and technologies you need for your classroom.

Objectives

- To ignite cross-sector collaboration between policymakers, educators, innovators, and private sector leaders.
- To showcase (indigenous and internationally developed) solutions driving digital inclusion, e-governance, and sustainable tech growth for the education sector.
- To equip leaders with practical strategies for driving digital inclusion and transformation at scale.
- To mobilize investment and partnerships to accelerate high-impact digital projects, especially in underserved school communities.

Key Symposium Activities

1. Exhibition Zones:

Model Smart Classroom: Live demo of IoT, AI tutors, interactive displays.

STEM & Innovation Hub: Robotics, coding kits, 3D printers.

EMIS & SQ Tools: School management software, data analytics dashboards.

Affordable Digital Tools & Latest SMARTEC Technology for Learners and Teachers (Laptops, Smart-phones, Tablets, Smart Projectors, VR Gadgets, Robotics, Biotechnologies, etc.)

PAYTECH Solutions & Startups

Digital Skills Factory workshop and learning area (computer lab)

2. Workshop and Training Tracks:
